HISTORIC CAREER

Software Developer SW II | Sonda IT Brazil
Feb 2023 at until moment | ----- months

Software Developer - Full | Uno Robótica
Ago 2022 at Dec 2022 | 5 months

Software Developer - Intern | Re9 Full Service
Dez 2021 at Jul 2022 | 9 months

Software Developer - Intern | Otimize IT
Ago 2020 at julho 2021 | 1 year

FORMAL EDUCATION

FACAPE - FACULTY OF APPLIED SCIENCE OF PETROLINA

BScience Degree- Graduate in Science Computer
- Started in Jan./2024 at 2025

UNINTER - INTERNATIONAL UNIVERSITY CENTER

BTech Degree- Graduate in Tecnology of Development and Analysis of System Computer -
Started in Set./2020 at 2022

CERTIFICATION

Logic Programming - SENAI National Learning Industry Service
Date: mar/2016 - Code: iTJTPF55UY

Java Certificated - W3Schools
Date: mar/2024 - Code: 100JTZ5XW0

DETAILS CAREER

Software Developer SW II - Full | SONDA IT brazil
Feb 2023 at In moment | ---

- Maintance multiple Systems Information | System legacy
- Implement new feature's
- Technologie Stack (PHP, Typescript, Java)
- Corporative System's
- Agile SCRUM methodology
- Framework - (Laravel v9.x, Symphony, Vue.js)
- JS Libraries (React)
- GIT with GitLab
- MySQL, Postgre (SQL)
- System Database Manager : HeidiSQL
- Project Manager Software: Trello, Microsoft Service

Software Developer - Full | Uno Robótica
Jul 2022 at Dec 2022 | 5 months

- Maintance System Information | System legacy
- Implement new feature's
- Technologie Stack (PHP, Javascript)
- Robotic and IoT Laboratory
- Data Analysis
- System Analysis
- Framework - CodeIgniter v3.x
- JS Libraries (Apexchart, Tesseract.js)
- GIT with Github
- MySQL (SQL)
- System Database Manager : Navicat
- Project Manager Software: Trello, PiperDrive

Software Developer - Intern | Re9 Full Service
Dez 2021 at Jul 2022 | 9 months

- Development of System of Information
- Maintance System Information
- Technologie Stack (PHP, Javascript)
- Technologie Framework - (Laravel v9.x)
- Maintance CMS & E-Commerce's (Wordpress and Shopify)
- Style with Bootstrap
- Using web tools technology (HTML/CSS)
- GIT with BitBucket
- MySQL | MariaDB (SQL)
- Project Manager Software: Asana
- FullStack Apprentice

Software Developer - Intern | Otimize IT
Ago 2020 at julho 2021 | 1 year

- Development of System of Information
- Tech Support for E-Commerce and Website with Wordpress
- Web Technology (HTML/CSS)
- GIT with Gitlab
- Stack technologie (JavaScript / PHP)
- Maintance and support for server/Data Server
- Maintance in System of Information
- Project Manager Software: Run Run it, Nifty
- MySQL | MariaDB (SQL)

ACHIEVEMENTS AND EXPERIENCE

- Deployed Mobile Application in Apples Connection and Google Store.
- I worked with information system of many departments of government, like Federal Police, Union Public Defender and more...
- Development of information system that provide data and analysis of data from a IoT device.
- Development of Information system for many big company.
- Development of E-Commerce, in intern time, for many companies that increasend receive.
